SUMMARY

iOS Developer at Wimova, specializing in creating intuitive and engaging user experiences. I am actively seeking an international internship to apply and expand expertise in a global environment.

EXPERIENCE

iOS Developer
Wimova   **September 2023 - Present, Lyon FRANCE**

- Created new **intuitive user interface** on iOS with SwiftUI.
- **Deployed** our application on App Store Connect platform after passing all required tests.
- **Designed** and **implemented** a **complex architecture** using **VIPER**, **modularisation** and **Swift 6** concurrency.
- **Wrote** detailed technical documentation outlining system architecture, coding conventions and best practices in order to improve our productivity.
- **Participate** in **bug fixing** and troubleshooting application issues to **improve stability** and **performance**.
- **Write** and **execute Unit Tests** to ensure the reliability of newly developed components and detects potential regression.

FULLSTACK DEVELOPER
PARTNER FORMATION   **September 2022 - September 2023, Lyon FRANCE**

- Managed source control repositories with **Git**, including branching strategies and pull requests.
- Created RESTful APIs using **Node.js** with **Express** framework for data manipulation.
- Developed and maintained front-end web applications using **MERN** (MongoDB Express React NodeJS).
- Created **reusable components** that can be shared across different projects, reducing development time.
- **Debugged and resolved technical issues** across both client-side and server-side components of the application.
- Implemented **CRUD** (Create, Read, Update, Delete) functionality, handling data manipulation and storage within **MongoDB**.
